SAFETY INSTRUCTIONS FOR VISITORS

**ALHOLMENS
KRAFT**

Welcome

Alholmens Kraft route instructions

Instructions for visits to Alholmens Kraft

Application for a visitor's permit

Fill in an application to Alholmens Kraft using the QR-code or at the following address:

<https://gates.upm.com/pyynto/StartAccessRequest.do?site=FIPIEAKR>

Fill in your application well in advance, at least 3 days before your scheduled visit to Alholmens Kraft. Phone numbers can be found in the brochure if you have any questions.

Arrival to the area

A safety vest, helmet, goggles and safety shoes is available at the factory gate. Other necessary personal equipment is provided by your host when needed.

At the factory gate you also get a visitor card, which allows you to enter the factory area.

Driving in the area is prohibited without permission and instructions. When entering the area it is only permissible for the driver to drive in through the gate. Other fellow travelers use the turning gate with their own visitor cards.

Remember to return the visitor card and protective gear after your visit.
